LaQuana Dawkins

*Attending the FPA-BE Conference allowed me the opportunity to meet financial planning professionals and connect to an awesome network. I learned more about the industry which I only knew from a high level. I learned about what financial planning professionals actually do to maintain and grow their business. I also had the opportunity to talk to these professionals and engage in the individual sessions with Q&A. **It was the best experience for me because it showed me that this is indeed the career path for me.***
